American River, also called Pelican Lagoon, is a marine estuary on Kangaroo Island in South Australia. It is part of Encounter Marine Park and includes Pelican Lagoon Sanctuary Zone, an area that has been continuously protected since 1914. This estuary is a hotspot for marine biodiversity. It is a significant site for shorebirds, seabirds, and fish, thanks to the varied habitats that it provides.

This map was created by Genavieve Middaugh on 7/4/2026, following the tutorial Design a layout in ArcGIS Pro. The coordinate system is WGS 1984 UTM Zone 53S. The data is derived from Estuarine Habitats of South Australia, a dataset provided by the Government of South Australia, Department for Environment and Water. Other data sources include: Maxar, Sources: Esri, TomTom, Garmin, FAO, NOAA, USGS, © OpenStreetMap contributors, and the GIS User Community, Esri, Geoscience Australia, NASA, NGA, USGS, Esri, USGS
